Subject: Falcon Refinery RI/FS Project Plans

Brian:

As we discussed this morning, we will submit the final plans to EPA within seven days of receiving your responses to our questions pertaining to the need for additional sampling. According to the TO88 Work Plan, we are required to submit three hard copies and three electronic copies to EPA; three hard copies and three electronic copies to TCEQ; and four hard copies to the trustees. We just want to verify that these are the numbers of hard copies and electronic copies that you need. Also, please let us know if you want us to ship the plans to TCEQ and the trustees. If so, please provide the names of the trustees that should receive a copy.

Thank you,
Bob Owens
